The Pan American Round Table (PART) is a nonprofit woman's organization with member Tables at the local, state, and international levels. PARTT is the Texas state-level organization, with members in twenty Texas cities. As stated in our constitution, the object of this organization is to foster mutual understanding, knowledge, and friendship among the peoples of the Western Hemisphere. PART of Texas and local PART Tables award annual scholarships as a principal means of accomplishing these objectives.

The PARTT website provides a platform for sharing current and archived documents of general interest to all Tables, and to develop a convenient method for the exchange of State and Table scholarship information. The website also includes a history of the PART organization found in archived documents from the early formation of PARTT in the 1900s to 2019, a complete collection of Panamericana Texanas (the organization's publication), State and local scholarship details, convention registration information, reports and programs, and a listing of State and Alliance Board of Directors.
